Subject: RE: Transfer Cases?

Hi,

'601 does not appear to be proper for cl 349. There is no particulars for LCD device/method. Electrical connectors????

'478: comprehensive claim(s) seem to pertain to "decoding signals", and thus would not be proper in cl 349.

Good luck!

Subject: Transfer Cases?

Hi I am from Art Unit 2675. I believe I have a few cases that may belong in your Art Unit. Will you please look over them and let me know if the reclassification is proper?

Thanks
Donna

10/624,601 349/149 or 349/20-(The abstract discusses thermal expansion)
